The Ashe Faith Project at work

The Ashe Faith Project examines the impact of historical trauma on the contemporary woman of African descent. While the rate of HIV/AIDS among minority women increase, we recognize there are root causes and other social determinates that continue to drive the epidemic as well as the use of alcohol and drugs.

We offer answers to some of these concerns through community dialogue, direct services and other support services through our partnership network.

Watch the transformation

Services offered

- 1) Provide HIV/AIDS and Substance Abuse Prevention education
- 2) Provide HIV Testing
- 3) Refer clients with identified mental health and substance abuse concerns to treatment
- 4) Offer monthly Sacred Women Support Group
- 5) Offer capacity building assistance to faith organizations in the greater Bridgeport area

Faith + Action = Results

Stop by for 20 minutes and get an HIV test

Every 9 1/2 minutes some one in the US contracts HIV

Get the Facts

Stop by for a cup of coffee or tea
